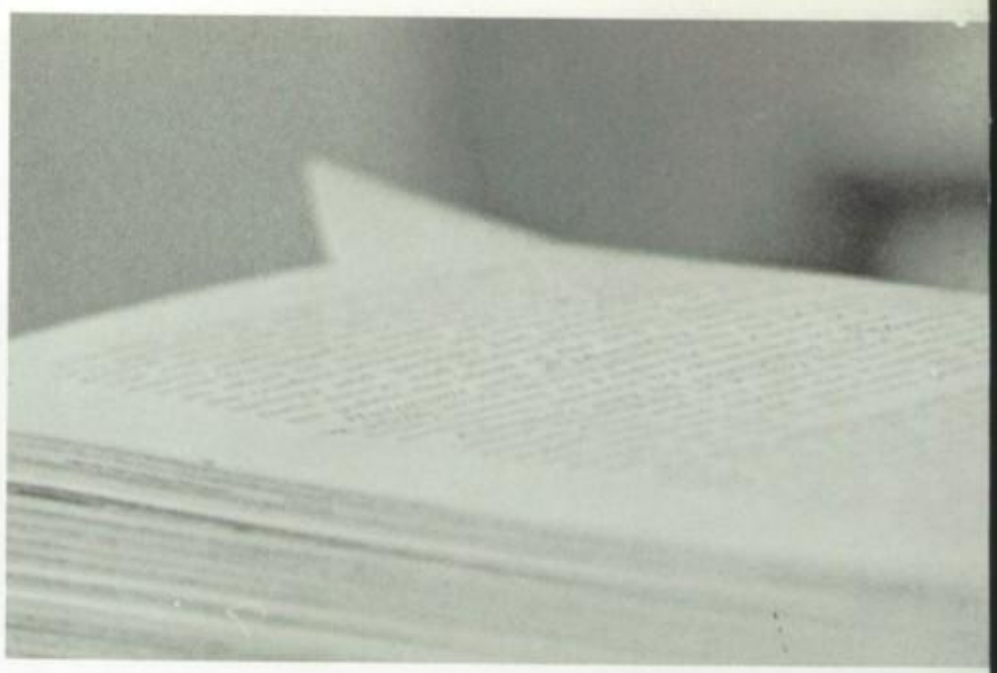
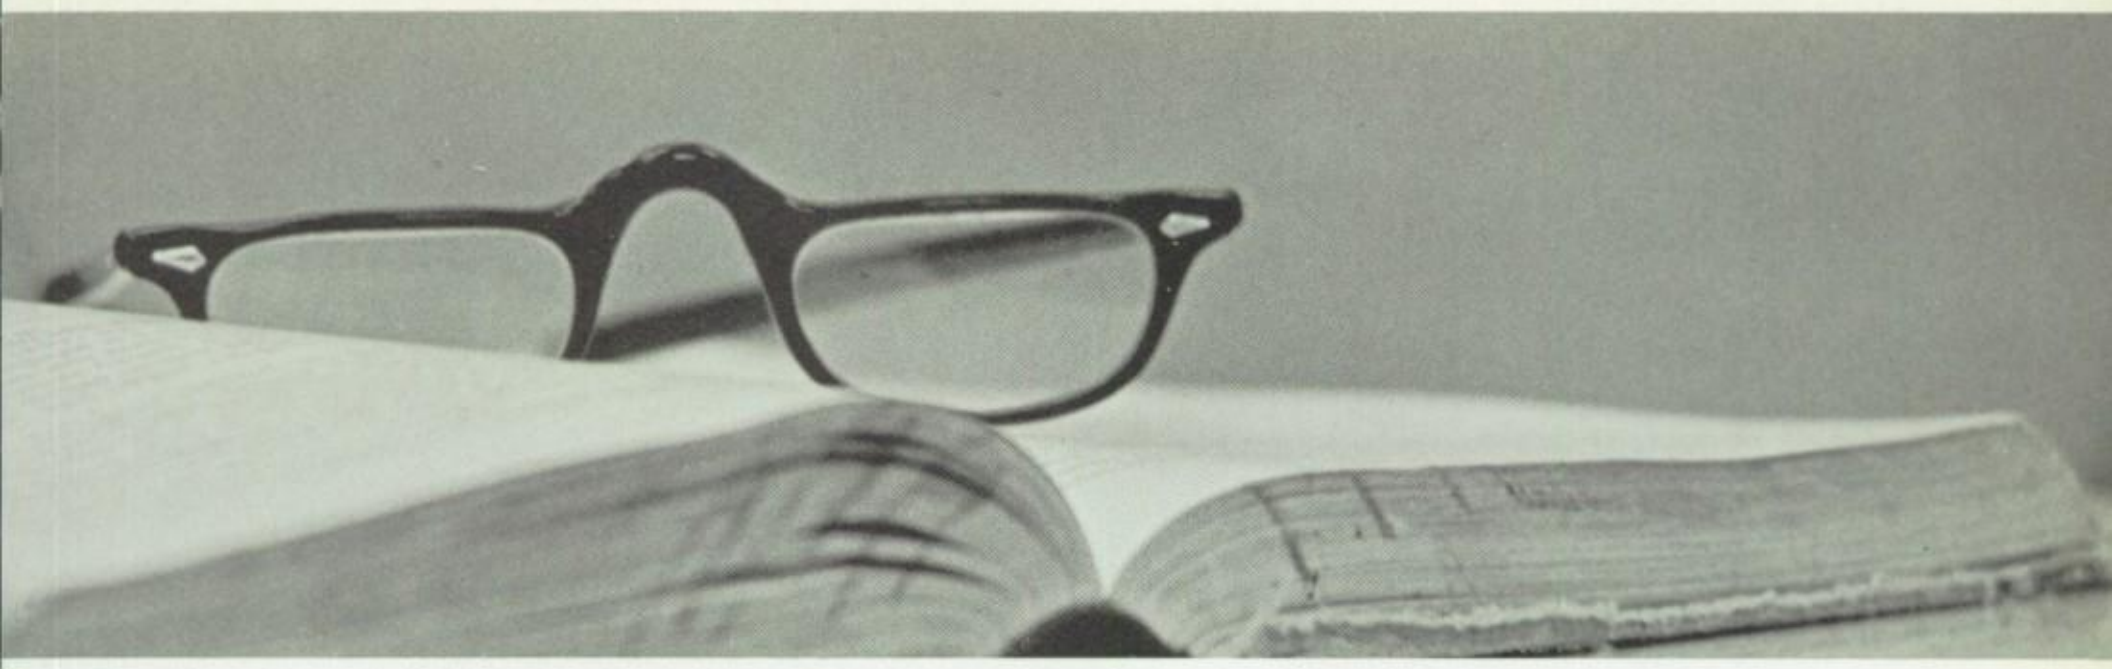
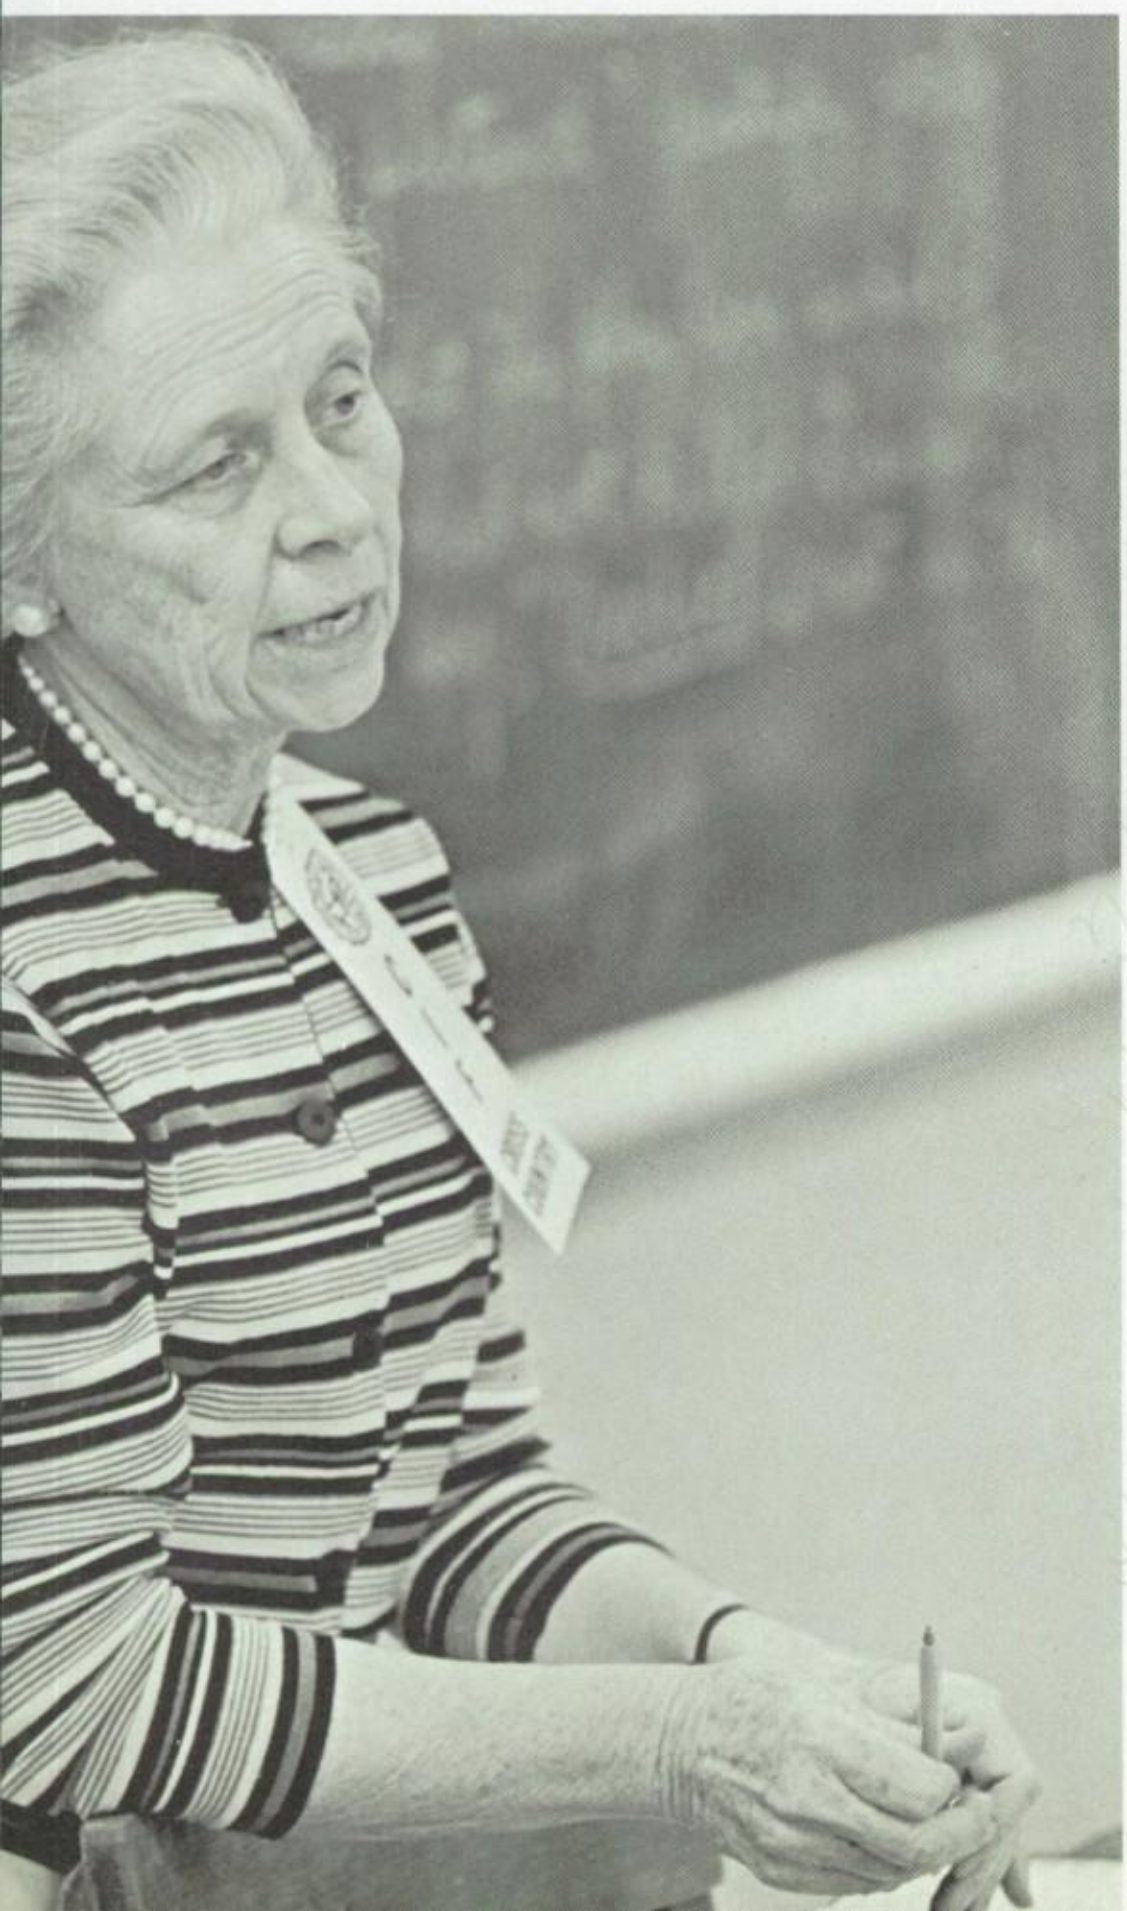
— TAJMA RAGADS —







We are in a period of transition, from the old to the new, from children to adults. This transition is occurring at a great speed. In only three years, junior high fades rapidly into college. For many, the maze of scholarships and applications should cause great turmoil. But it doesn't. One person in particular has seen to this—Mrs. Albertine Harvey. In addition to her Senior English classes, she has taken time to serve on the scholarship committee for years. Because of her quiet background guidance, this change has somehow been softened.

She helps us simply because she is dedicated to us. In turn, Caerulea 1969 is dedicated to her.

The membership of the National Honor Society is composed of outstanding sophomores, juniors, and seniors who have attained a 3.0 (B) cumulative grade point average, have maintained satisfactory citizenship, have served as an officer for a campus organization or the student body, and have earned a required number of service points. On March 11, 1969, the members of NHS visited Ports O' Call with CSF. City College hosted the members of these two organizations for the annual Scholarship Honors Day which was held on March 20. The students were given a sampling of college courses by attending two seminars of their choice. In June, NHS honored all Poly seniors who had maintained a 3.0 grade point average with a delectable luncheon. Once again, the National Honor Society has had a successful year, thanks to its sponsor, Miss Rost.

ship federation

The California Scholarship Federation is the major honorary society on campus recognizing students through high scholastic achievement. Membership in this select organization is obtained and renewed each semester. Four-time members become sealbearers and life members. Six-time members become members of the Long Beach chapter of Phi Beta Kappa. The combined CSF-NHS field trip is the highlight of the year and always a great success.

principal

dr. genero b. garcia

The most difficult tasks in our era of change face the principal. The desire to take on too much is not due to poor administration; it is the direct result of Dr. Garcia's deep concern and growing responsibility. After two years tenure as principal, the effects of his policies and administration have begun to show in the social and academic areas of our school. This period has, at times, been difficult. But it is this time and the development which it has witnessed which has made us great!

organizations

portia

Portia is one of the most selective and most active girls' clubs on campus. Members must have a 3.5 grade point average with leadership and service points. This year, the girls have shown their concern for world events by sponsoring a Vietnamese orphan. Their continual activity is shown in various school sales, drives, and social events. All members contribute heavily to the great success of this club.

caprice

Caprice welfare and leadership club is one of the closest-knit and most active clubs at Poly. Its members are required to maintain a 3.00 g.p.a., have at least two Gold "L" points, and have an earnest desire to help better the school and community. This year Caprice opened its membership for the entire year.

Among the many projects undertaken during the year were the selling of Daffy Apples and bagels, providing a special Thanksgiving dinner for a needy family, and singing Christmas carols and presenting gifts at Los Cerritos Convalescent home.

Key Club, which traditionally represents the leaders among the student body, is sponsored by Kiwanis International and is dedicated to the school and community. Composed of a membership drawn from all three grade levels, being a member of Key Club is an honor with responsibilities of participating in service projects. Participating in the annual Spring Sing and Caerulea Trike Race are a few of the other activities Key members help with.

junior exchange

Junior Exchange has long been known as one of the top welfare clubs on the Poly High campus. Membership in the organization is based on scholastic ability, athletic participation, and leadership qualities.

"JX" has performed several projects in conjunction with the Downtown Exchange Club. Past projects include a "Toys for Tots" drive, a book drive and a children's day at a local hospital.

At the end of each school year, the senior men of Poly undertake the task of voting in new members for Senior Men's Council. Members are accepted because of their leadership, scholastic ability and overall citizenship.

Senior Men's Council then plans various projects, such as Toys for Tots, and ushering for Baccalaureate and Commencement Exercises.

american field service

Left to Right, Row 1: C. Maxwell, M. Morgan, S. Koran. Row 2: D. Hutchinson, M. Walsh, C. Crooker. Row 3: D. Walker, M. Lunn, J. Peterson. Row 4: S. Reyes, G. Massey, B. Hoke.

Throughout the world today, there is a great effort being made to promote cultural exchange. Here at Poly we do our share through American Field Service. The purpose of A.F.S. is to develop understanding and respect between individuals and mutual awareness of different cultures by exchanging students. Each year we sponsor one or two foreign students and in exchange for this we are given the privilege of sending the applications of two students from Poly to New York in hopes of having the students placed in a foreign country.

The exchange is made possible by individual families opening their homes and their hearts to the students and providing for them an atmosphere in which the students can live comfortably and happily during their stay in America. This is also the case with an American student that goes abroad.

Interest on campus is promoted by our own A.F.S. Club, and there is also a chapter for adults. Homes for foreigners in America and finalists are selected by mutual agreement of these two groups.

During his stay the student has two main objectives: the first is to teach others about his own country, and the second is to learn about his adopted country in order to tell about it when he returns home. With this in mind, A.F.S. keeps doing its share year after year, broadening the minds of students everywhere.

ingeborg gabriel

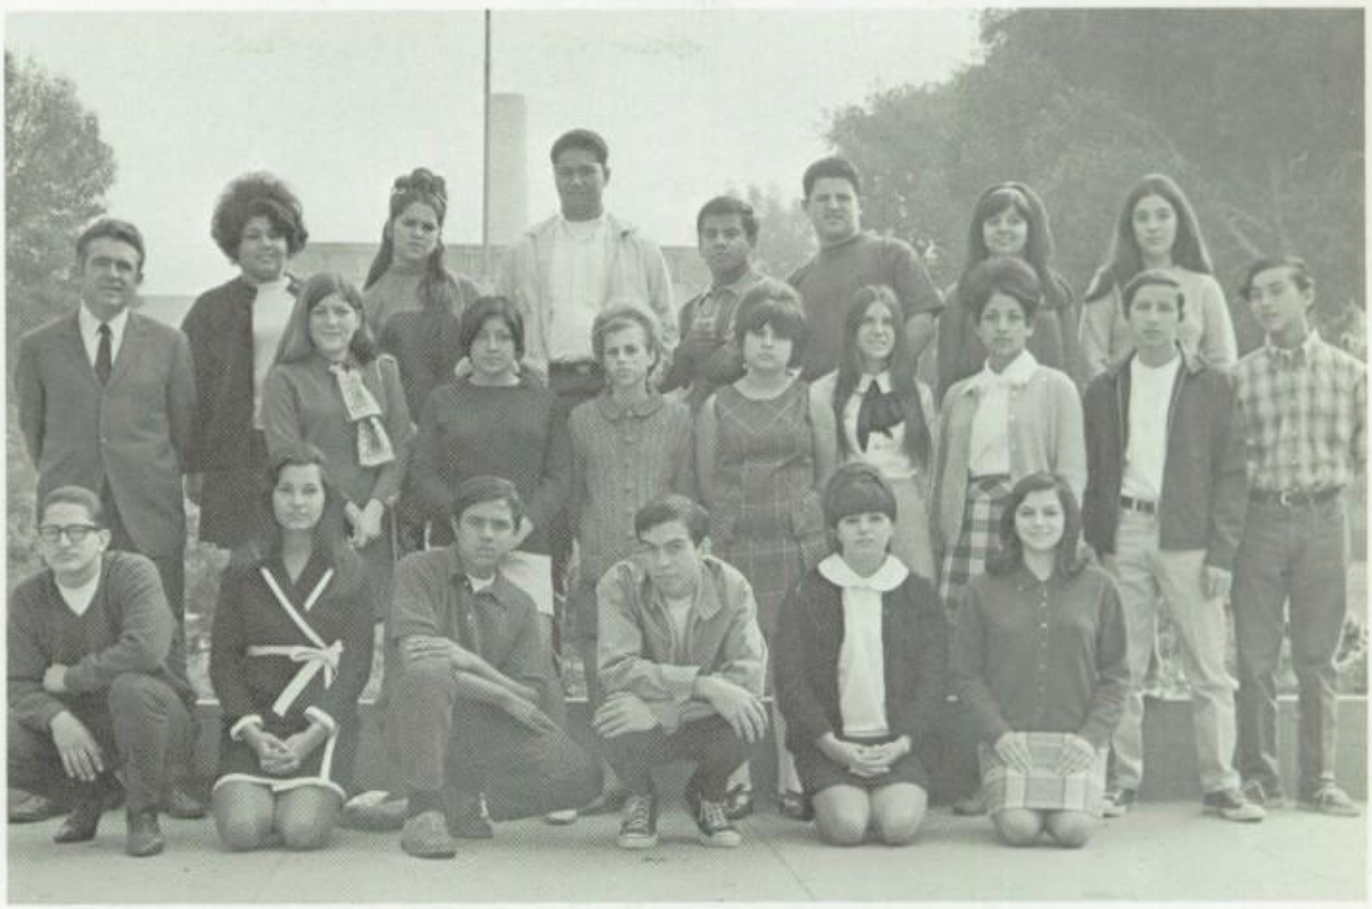
When I came to this country from Austria, I knew very little about the American high school system, and everything was new and confusing for me.

However, it did not take me long to make friends with the many young people who enjoy the same things I enjoy and feel in many ways just as I feel. It was the greatest and most wonderful experience of my year in this country when I began to see behind the outer differences which separate one people from another. The similarity is not as obvious but nevertheless is stronger and deeper than all the differences.

I saw during this year that it is essential for us to learn from and to respect each other. I believe that only in this understanding lies our hope for the future.

This recognition is of singular value, and the experience of spending this year among you will be unforgettable for me.

mexican-american students



The purpose of MAS, Mexican-American Students, is to help stimulate pride in the Mexican-American race, culture, and identity and to help motivate its members toward a college education and individual academic success. This club promotes a fuller appreciation, understanding, and knowledge of the contributions of Mexican-Americans to the culture of the world.

black history and culture club

The purpose of this organization is to make students on campus aware of the contributions made by Black people to the American Culture, to make the students aware of their responsibilities in school and in the community; and to promote the academic achievement of Black students.

french club

French Club, one of the most worthwhile clubs on campus, is also one of the most active. This year, the welfare activities they have participated in were the Toys for Tots Drive, a Daffy Apple Sale and a Berry Pop sale.

Besides holding their meetings at least once every two weeks, they are known for their parties and little get-togethers. Fun, for French Club members, is meeting new people and gaining more friends.

spanish club

Spanish Club, which is organized for those students interested in the language and culture of Spain, meets in a relaxed atmosphere under the supervision of Mr. Alvarado.

To further their knowledge of this subject, field trips and other educational activities were held during the year.

Left to Right, Row 1: S. Lingle, Pres.; C. Lubman, Sec.; N. Campbell, Treas.

latin club

There is one club at Poly that helps interested students to understand the mother of our language. This club is Latin Club which is sponsored by Mr. King. This year Latin Club has accomplished their first service project by selling suckers. Some of their other activities are decorating the campus for homecoming, participating in school activities, and most of all, presenting their annual Roman Banquet.

One of Poly's finer language clubs is German Club. In the past it has been one of Poly's leaders and this year is no exception. Having guest speakers and providing many provocative meetings are just a few of the functions it performs.

chamber of commerce

Chamber of Commerce's main activity is to decorate the Poly campus for Homecoming. The main purpose of this club is to acquaint the members with community problems and to direct the member's cooperation in dealing with them. The group's spring projects included participation in the KOCC program, selling pom-poms for games and taking part in Inter-Club money-raising projects.

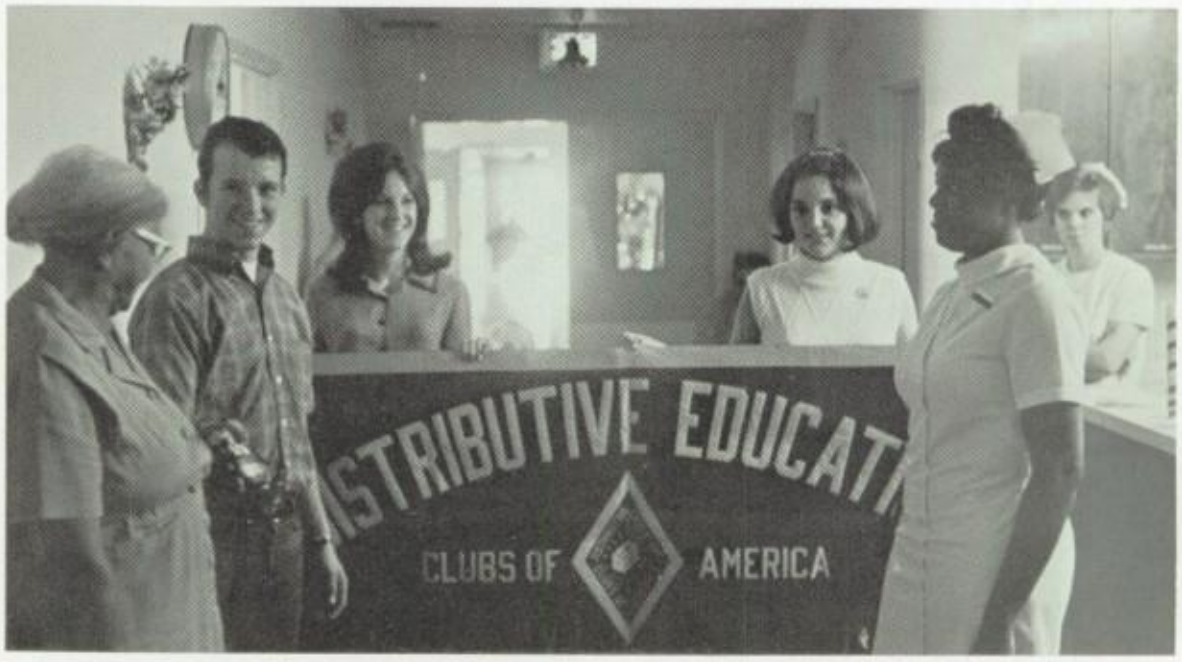
ushers' club

Ushers' Club is open to all Poly students interested in serving the school and community. The members usher for Poly drama productions, Film Forums, Civic Light Opera presentations, graduation ceremonies, and other special events. This club holds an annual Christmas party and spring awards banquet. It also participates in Inter-Club Council functions.

deca

DECA, Distributive Education Clubs of America, operates through the public schools to attract and inform young people about the great potential in careers involving marketing and distribution.

Poly's DECA chapter was the first in the Long Beach Unified School District and has an unlimited potential for growth.



flower club

Flower Club is a group of students who help decorate our campus. They arrange and place flowers in the offices during the year. These flowers help to brighten the offices and campus.

chess club

The primary objective of the Chess Club is to provide a common meeting ground for students who are interested in learning and playing chess.

Throughout the year, the Poly Chess Team competed against other Long Beach schools. In the spring, the club hosted the annual all-city tournament, which Poly has never lost.

red cross

The High School Red Cross is delegated responsibilities by the American Red Cross for aiding in local, national and international welfare programs for the Armed Services, the aged, minority groups, those people confined in hospitals and convalescent homes, and the underprivileged youth of the world.

Poly's chapter has long been a leader in all phases of Red Cross work. Traditional events and programs are carried out each year, and a few new ones are added.

All Poly students are members of the High School Red Cross. Active membership is attained through at least one act of service on one of the projects during the year.

Local Smials, a new club at Poly this year, is dedicated to the discussion and spread of the works of J.R.R. Tolkien. Local Smials is a recognized Smial, or local division, of the Tolkien Society of America.

Left to Right: S. Kirk, J. Middleton, A. Anderson, B. Wayman, K. Moore, J. Stern.

folk group

The primary purpose of the Poly Folk Group is to better equip its members, through a sense of folk, to explore the underlying drives, enthusiasms, prejudices, and loyalties of the American people, to become aware of the existence of an American folk culture and the survival of older forms transplanted from different parts of the world. In addition, the club members encourage the growth and development of Frederick Douglass House as a center for the arts and humanities in Long Beach.

future teachers of america

Future Teachers of America is a club composed of students who have a common desire. That desire is to become a teacher. The club's main purpose is to add to the student's knowledge about the teaching profession. Future Teachers went on many field trips to educational institutions of all levels. At the end of the year the organization gave a scholarship to a senior who showed a definite interest in the field of education.

project tutor

One of the newer organizations on the Poly campus is Project Tutor. Working closely with the Community Improvement League and the faculty of Roosevelt Elementary School, members spent many hours a week with children requiring scholastic help.

poly picture loan

One of the oldest service clubs on the Poly campus is Poly Picture Loan. It gives beginning as well as advanced artists a chance to show their paintings and drawings in display areas. While furthering the recognition of students through their art work, they also add interest and beauty to the administrative offices, library, and classrooms at Poly.

writers' workshop

The Workshop meets every other Monday for reading and discussion of original literary works by students. Poetry, short stories, and plays have been on the agenda. The student audience makes suggestions for revision and improvement, provides an audience for new writers, and is making plans to produce a literary publication.

Because of its interest in original drama, the group attended productions of original one-act plays at the California State College at Long Beach theater.

student body

Among the noted achievements of the Fall Student Government Class and Commission, the sale of World's Finest Chocolate proved to be one of the most spectacular. With the enthusiasm and cooperation of the entire school, the sale kicked off the school year with a rousing success. Through class work and much additional time outside of school, the Student Government was able to coordinate and steer the project to its completion with far better results than were expected. Highlighting the drive was a special performance by Lou Rawls.

The general atmosphere within the class reflected the realistic nature of a representative body. For example, many problems, such as the revision of Homecoming election procedures, were brought to the fore to be probed and handled with all sides of the issue expressed. Indeed, this can be pointed out as one of the assets of the Fall Student Government Class.

homecoming 1969

The day began early—as early as 5:30 A.M. Many Polyites could be found swarming around campus, busily working on their clubs' displays, which reflected the theme, "Jonathan Goes West." Thanks to the preparation and hard work of the various campus clubs, the spirit of the Old West was successfully captured. First prize for the best display went to Rota. Chamber of Commerce, responsible for planning and organizing Homecoming activities, was there to make sure everything went smoothly; Girls' League also helped by selling cinnamon rolls to hungry Polyites.

The next event was the Homecoming Assembly which drew many alumni back to their alma mater. The suspense was finally broken when a tearful, but happy, Mercedes Mynatt was crowned Homecoming Queen.

Polyites took their soulful spirit to the game and cheered on the Mighty Jackrabbits who battled against top-ranked Lakewood. During an entertaining half-time show performed by the Polyettes and band, the lovely Homecoming Court was presented to the many spectators.

Following the game was the Homecoming Dance at which students and alumni danced until midnight. Thus ended another exciting and spirit-filled Homecoming Day.

All clubs on campus make some special contribution to the school. Masque and Sandal was formed in order to present dramatic productions for the student body.

By earning 10 service points towards the club, a student interested in drama may be eligible to join Masque and Sandal. Besides presenting short plays and the annual Senior Play, the Drama Festival in January is a highlight of the year.

dramatic productions

During the year, Masque and Sandal was busy rehearsing plays to present to the student body and working hard on the annual Drama Festival.

The first play of the year, "Antigonne," was acted out during the school day, giving a dramatic presentation of this historical character.

The first main production was a comedy, "Blithe Spirit." In this play, Joanne Ishimine played the "loving second wife" to Gordon Simmons, who was constantly haunted by the spirit of his first wife played by Sheila White. Lucy Daggett added a hilarious performance of the medium to round out the play.

As January rolled around, Masque and Sandal members began working toward the Drama Festival. During this time the class members competed for top honors as best actor or actress and also competed in the presentation of individual monologues.

"We Have Always Lived in a Castle," an exciting mystery, was the last production before the presentation of the annual senior play, "The Impossible Years."

Football, and the fall season, is a new helmet, scuffed shoes, and a green field. It musters the most spirit generated all year, and for that reason seems so fleeting. After the season is over, the year seems to start falling apart. The newness, the crispness—it cannot be sustained, it can only be savored. As the weeks progress, chronology is hazy as the season rushes to a close. Yet during the fall, football is magnetic and the days pass quickly.

Hopes were high from the beginning this year: an undefeated J.V. team moving up and a good group coming back. With the upset victory in the Milk Bowl, hopes got higher. We were out to win, and each successive team knew it. We smashed through the pre-league and crushed Jordan to start Moore League. Then as the weeks progressed: a good game against Wilson, the demise of El Rancho, and a shutout against Millikan. All this made for a fine 7-3 record because we didn't plan to lose this year.

Ask Maurice Anderson who worked the "Poly Pit" and he'll tell you. So will Victor Austin, Rudy Murray, Joe Arroyo and Booker Livingston. The "Pit" is that area of violent combat on the football field where the mettle of the defense meets the ferocity of the offensive line charge. Bob Headley and Theodis Scott performed brilliantly at left tackle and left end. Jim Joy and Curtis Nichols were equally adept on the right side. The offensive middle was handled by Jim Scott, Glen Hamasaki, Charles Georgie, Doug Vail, and Henry Lopez. Wayne Zimmerman was good enough to be a unanimous all-league selection at center.

Maurice Anderson carried for 938 yards in nine games, averaging better than six yards per carry. Murray and Austin each averaged more than five yards per carry. Special credit should also be given to Rudy Murray as the best blocking fullback in the tough Moore League.

Excellent leadership was given the Poly offense by quarterbacks Jim Lemon and Bob Rapp. They passed not often but well and were ably received by flankers Larry Ginn, Mike Hillman, and Donzell McDonald.

Over the past few seasons Poly High School has gained a reputation for being one of the hardest hitting teams in CIF. This reputation was not only maintained, but enhanced during the 1968 campaign. A reputation such as this is not earned simply by wishing, but only through dedication, desire, and pride. Our defense was built on the premise of eleven men trained and prepared both physically and mentally to ATTACK the offense. Poly was on offense with or without the ball.

The knowledgeable fan knows that the game is won or lost on defense, and to stress this idea the coaching staff instituted the Pihrana Point System for motivation. Points were given for tackles, interceptions and fumble recoveries. Most important to the players were the contact points which were awarded for outstanding tackles and other displays of football excellence. The defensive leaders receiving All Moore League recognition were: Andrew Taylor, Jim Lemon, Mike Lane, Victor Austin, and Theodis Scott.

The season ended as it began with a shut-out. The outstanding accomplishment of this team is that it matured from a young inexperienced group into the type of defensive team that the school, the community, and the players themselves have come to expect. This was the team too young to remember past glory, but with too much pride to forget.

j.v. football

The Poly J.V. football team, while defeating all of its pre-league foes, suffered from injuries and a lack of depth late in the season; and was edged by Moore League Champion Lakewood 7-6 before suffering a 43-7 thrashing by Wilson and a 21-7 loss to El Rancho.

When healthy, the defense and offense worked together in the almost unbeatable combination of an explosive ground game and an equally stingy defensive squad. Led by QB's Willie Moore and Brian Dokulil, and tailbacks Orlando Ellison, Bob Tillman, and Andrew Gaither, the Poly machine averaged 18.4 points per game behind the blocking of Roy Lewis, Jerry Phelps, and Ray Sams.

The defense, featuring backs Ellison and Reggie Butler, tackles Lewis and sophomore Terry Montgomery, middle linebacker Randy DeRosa and ends Phelps and Jesse Jackson, was effective in containing most of the rival offenses except when Poly itself was unable to score.

The "B" football team began its season quite impressively by soundly trouncing its first three opponents. Key injuries and faulty play took their toll as Poly fell to defeat five times before they were able to defeat Millikan in the finale.

The season produced two players who will certainly be an asset to Poly's varsity squad next season. Donald Wright, the ace fullback, scored a total of fifty-seven points for the "B" offense. The offensive and defensive mainstay of the squad, in the opinion of Coach Rex Burrell, was lineman Ron Phelps.

varsity basketball

A basketball season is always a series of turning points but seldom were they as pronounced as they were this year. Sparked by a potent offense and defense, the team blazed through another fantastic season to win the Moore League Championship. In addition, Poly has for the sixth straight year won a berth in the C.I.F. play-offs.

Even with such super-stars as All-League Bill Coon and Most Valuable Player Tom Hanson, victories did not come easily for Coach Forester as he found himself coaching the smallest team in the league. To make up for the lack of height Poly employed the only man-to-man defense in the area together with other factors such as desire, determination, and team spirit. The result was an excellent season record of 20 wins and only 8 losses.

The Moore League season was highlighted by an overtime victory over Millikan in the first round, a comeback victory over Wilson after trailing 14 points at the half, and a 78-76 victory over Lakewood which proved to be the turning point in the race for the Moore League title. The Rabbits rolled over Pioneer High in the first round of the C.I.F. playoffs, and then in a valiant fighting performance, were defeated in the second round by Morningside High, 86-81 in overtime play.

Why did Poly have such a highly successful season? A few good reasons, in addition to Co-Captains Coon and Hanson, were All-League and All-Tourney player Gary Anderson who led the team in shooting percentage; Thurmond Rice, the most improved player and Larry Ginn, the team's spark plug and best defensive player. All of these regulars did a fine job but the close victories could not have been possible without the strong reserve strength of seniors Bruce Dybens, Theodis Scott, Bobby Yamamoto and the remaining members of the squad.

junior varsity

The Poly Junior Varsity again had an excellent season with 19 wins and 7 losses to capture an undisputed second place in the Moore League. The fine record of this team can be attributed to the great enthusiasm of Coach Taylor whose constant urging made this team what it was.

To have a winning team, every player must work together. Leading the Poly defense and many times sparking the offense was Dennis Copeland. His quick moves aided the entire team. Reggie Butler and Tim Simkins were also great scoring threats. A great asset to the team was also forward Ed Anderson.

The Poly varsity can look forward to a great team in the future!

As it is every year, it demands dedication. Greeted by sometimes warm, sometimes icy water, the team shivered through the first few weeks. Grueling workouts, sometimes at 6:30 in the morning, were thrown at each man. As the days, the wins, the losses, went by, the workouts became more painful. Instead of playing the sport, you lived it. If you lost, even in practice, you worked harder next time. Even if you didn't want to, you did. Harder!

Opening the 1969 season with a great win over Muir 64-55, who had previously lost only one dual meet in the last seven years, Poly started its drive to Moore League and C.I.F. championships. After the win over Muir, Poly rolled up impressive victories over Pasadena 79-37 and Jordan 91-19, but lost a close meet to C.I.F. and State Champion Centennial on the road to its Moore League Championship show down with Lakewood.

Heading the list of potential C.I.F. Champions were undefeated Bob Stockton in the high and low hurdles (14.6) and (19.2) respectively and school record holder Jim Chaffin in the two mile (9.25).

Close on these men's heels were junior sprinter William Coates (9.9) and (22.9), senior sprinters Howard Fluker (10.0) and James Harvey (10.3) and quartermilers Steve Carter and Sam Hill. Shotputter Tom Wilson (54'-4"), high jumpers Victor Austin (6'-4") and Booker Livingston (6'-4") completed this group.

Other bright spots on the team were miler Ron Bemis (4:38), two miler Jim Arquilla (10:01), Pierre Robinson in the 880 (1:57.7). long jumper Fred Wade (22'), Al St. Clair in the pole vault (12'6") and both the 440 and mile relay teams.

As usual Poly's Bee and Cee performers were outstanding. Leading the Bee's were sprinter Larry Lewis, distance runner Gary Jones, shotputter Donald Wright, high jumper-long jumper Fred Batiste and distancemen Paul Polk and Kevin Archer. Leading the Cee's were sprinters Don Lorio and Vernon Clark, hurdler Tom Clark, shotputter Gary Karasawa and high jumper Larry Austin.

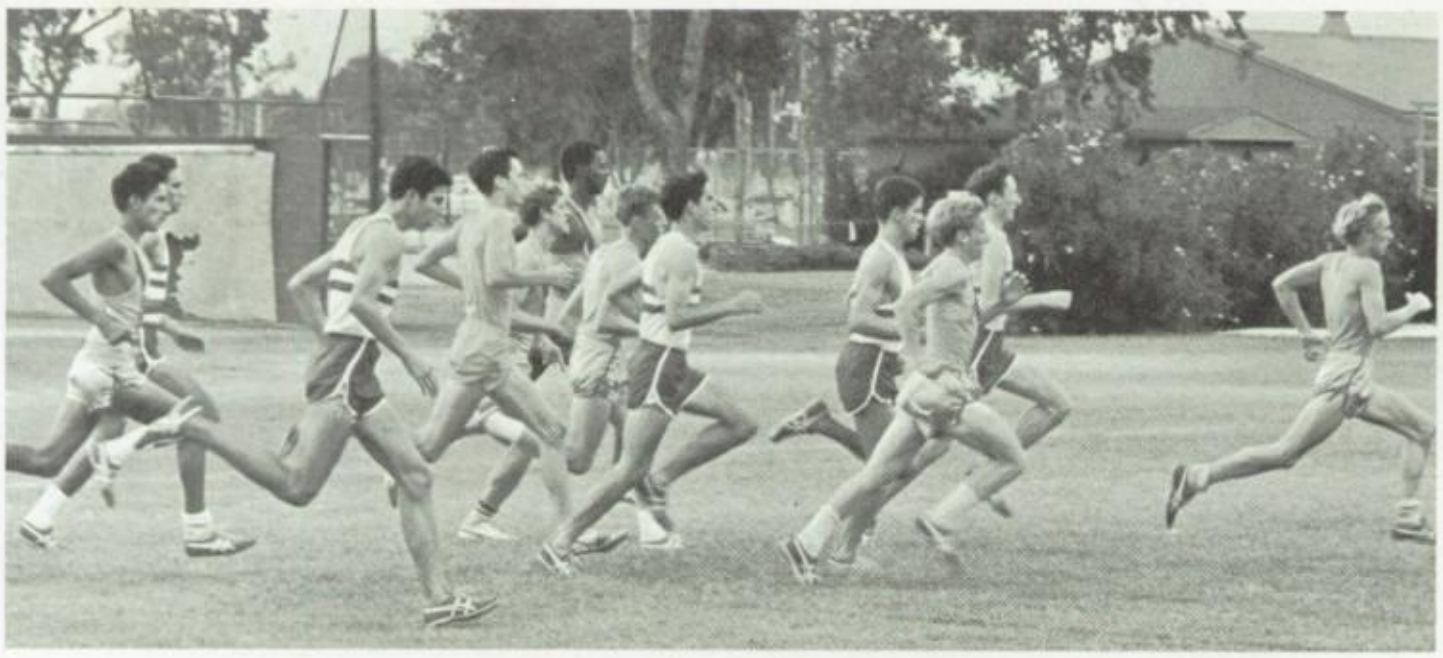
Ignoring pre-season ratings of fourth place in Moore League, Poly's 1968 Cross-Country team ran over its surprised opponents, becoming runners-up in the league and taking eighth in the C.I.F. finals.

Much of this success was due to leading runners Jim Chaffin, who captured third in C.I.F.; Ron Bemis and Jim Arquilla, both of whom earned All-City honors; and Mike Martin, Pierre Robinson, and Kevin Archer.

Except for the loss to Lakewood, whom they later defeated in C.I.F., this year's cross country team had an undefeated season and compiled Poly's best record in many years.



They score it as a team sport, but that's only a facade. Cross-country is each man, and his own individual enemy. Pain. After the start there is no tangible opponent. The enemy is within; you see how much you can bear, and then you inflict some more—on yourself. The gasping runner wonders if it is really worth it. As fall rolls on, things begin to change: maybe the memory of a solitary run in the twilight or the thrill of passing another man makes the season worthwhile. The realization that it was may not come until it is all over, but eventually everyone on the team has come to know cross country as his own unique experience.

The Poly tennis team drew on every reserve to make up for unexpected losses from last year. Through hard work and natural talent they scored impressive wins over top-rated teams to become a strong Moore League contender. With the dedicated help of Coach Trutanich and J.V. Coach Radford a championship team developed in a near-perfect season.

wrestling

This year's varsity wrestling team, lacking depth and lightweights, nevertheless overcame many horrendous obstacles to pull through with a close third in an exceptionally tough Moore League. Spurred on by third-time C.I.F. contender Ben Montoya and one of the best of California's heavyweights, Ted Hamasaki, this year's varsity squad soundly thrashed many of its most difficult opponents. A key victory was over the terrible demon from Pico Rivera, El Rancho. With many tough sophomores to provide the strength and super power necessary, varsity wrestling should be one of the most exhilarating and fabulous sports at Poly High in the future.

Baseball is characteristic of spring's sports: leisurely, deliberate effort. Nothing comes in with a rush here. Gradually, the days begin to lengthen, the temperature to rise, and the year to lazily move by. But somehow everyone knows that summer is just around the corner. The basketball court is empty now as forwards become first basemen. After a winter of leisurely preparation, the season starts and baseball is begun in earnest. Over all hangs a keyed-up anticipation of some long-awaited victories and a season that might be carried to a successful conclusion.

This year's varsity baseball team, having lost last year's coach and super-stars, began with a disadvantage made up by a bright and enthusiastic group. Led by a competent pitching staff and a smart baseball-minded coach, Poly baseball again looked to a successful season.

The golf team was hit very hard by graduation last year, and this year's team was faced with the problem of rebuilding itself to a championship contender. Paced by returning lettermen Bill Murray and Bruce Ingram, the team surprised many opponents with Poly's famous come-from-behind victories. With a great junior varsity team of sophomores, the potential for next year's team is excellent. Poly's golf future looks bright.

poly's tennis queen

Photo by Long Beach Promotion, Inc.

B.J., as she has usually been called by her tennis friends, was not expected to reach the top of the female tennis world quite so soon. Her tennis as a junior player did not indicate that she would one day reach the pinnacle she now occupies in women's international tennis.

But she overcame many, many weaknesses, learned to overcome her tendency to "slam everything in sight," and generally improved her temperament for the game. Above all, however, she is a great competitor, and this is what **helps** to make a real champion.

She has been a real credit to Long Beach and the wonderful game that she represents. B.J. has probably done more than many a diplomat to further the cause of international good-will among countries of the world.

POLY IS PROUD OF HER!

If you were to look on the tennis courts on a Monday afternoon, you would see the girls' tennis champs at practice. The team is usually practicing for playdays, in which the team competes against other high schools. Ten students are chosen to participate in the playdays, making two courts of singles and four courts of doubles.

Poly's Swim Club is a busy organization. The Club's activities during the year were divided into two parts, with competitive swimming in the fall and synchronized swimming in the spring. This past year the Swim Team had an outstanding competitive season, winning all dual meets and placing third in the All-City Swim Meet at City College. The second semester was devoted to the production of our annual Swim Show, which was presented in May. The purpose of the club is to promote interest and ability in aquatics and to provide an opportunity to participate in swim meets and shows.

The Advanced Modern Dance class is composed of girls skilled in the art of dance. Learning and practicing, they work under the direction of Mrs. Over. The Modern Dance Club is for all girls from modern dance classes sincere in learning dance techniques. This year, the dance groups followed past tradition by presenting a dance show.

Dear Eileen,
Thanks for being such a great lab partner. First, thanks for being such a great lab partner. Next I don't do too bad — at least we survived! We didn't do too bad — at least we survived! Really, I'm glad I got to know you — you're one of the guys I know!
Have a nice summer. Good luck in football — but I'll see you on the field! I'll see you on the field! I'll not in classes. I'll then
Bye!
Sue Koan

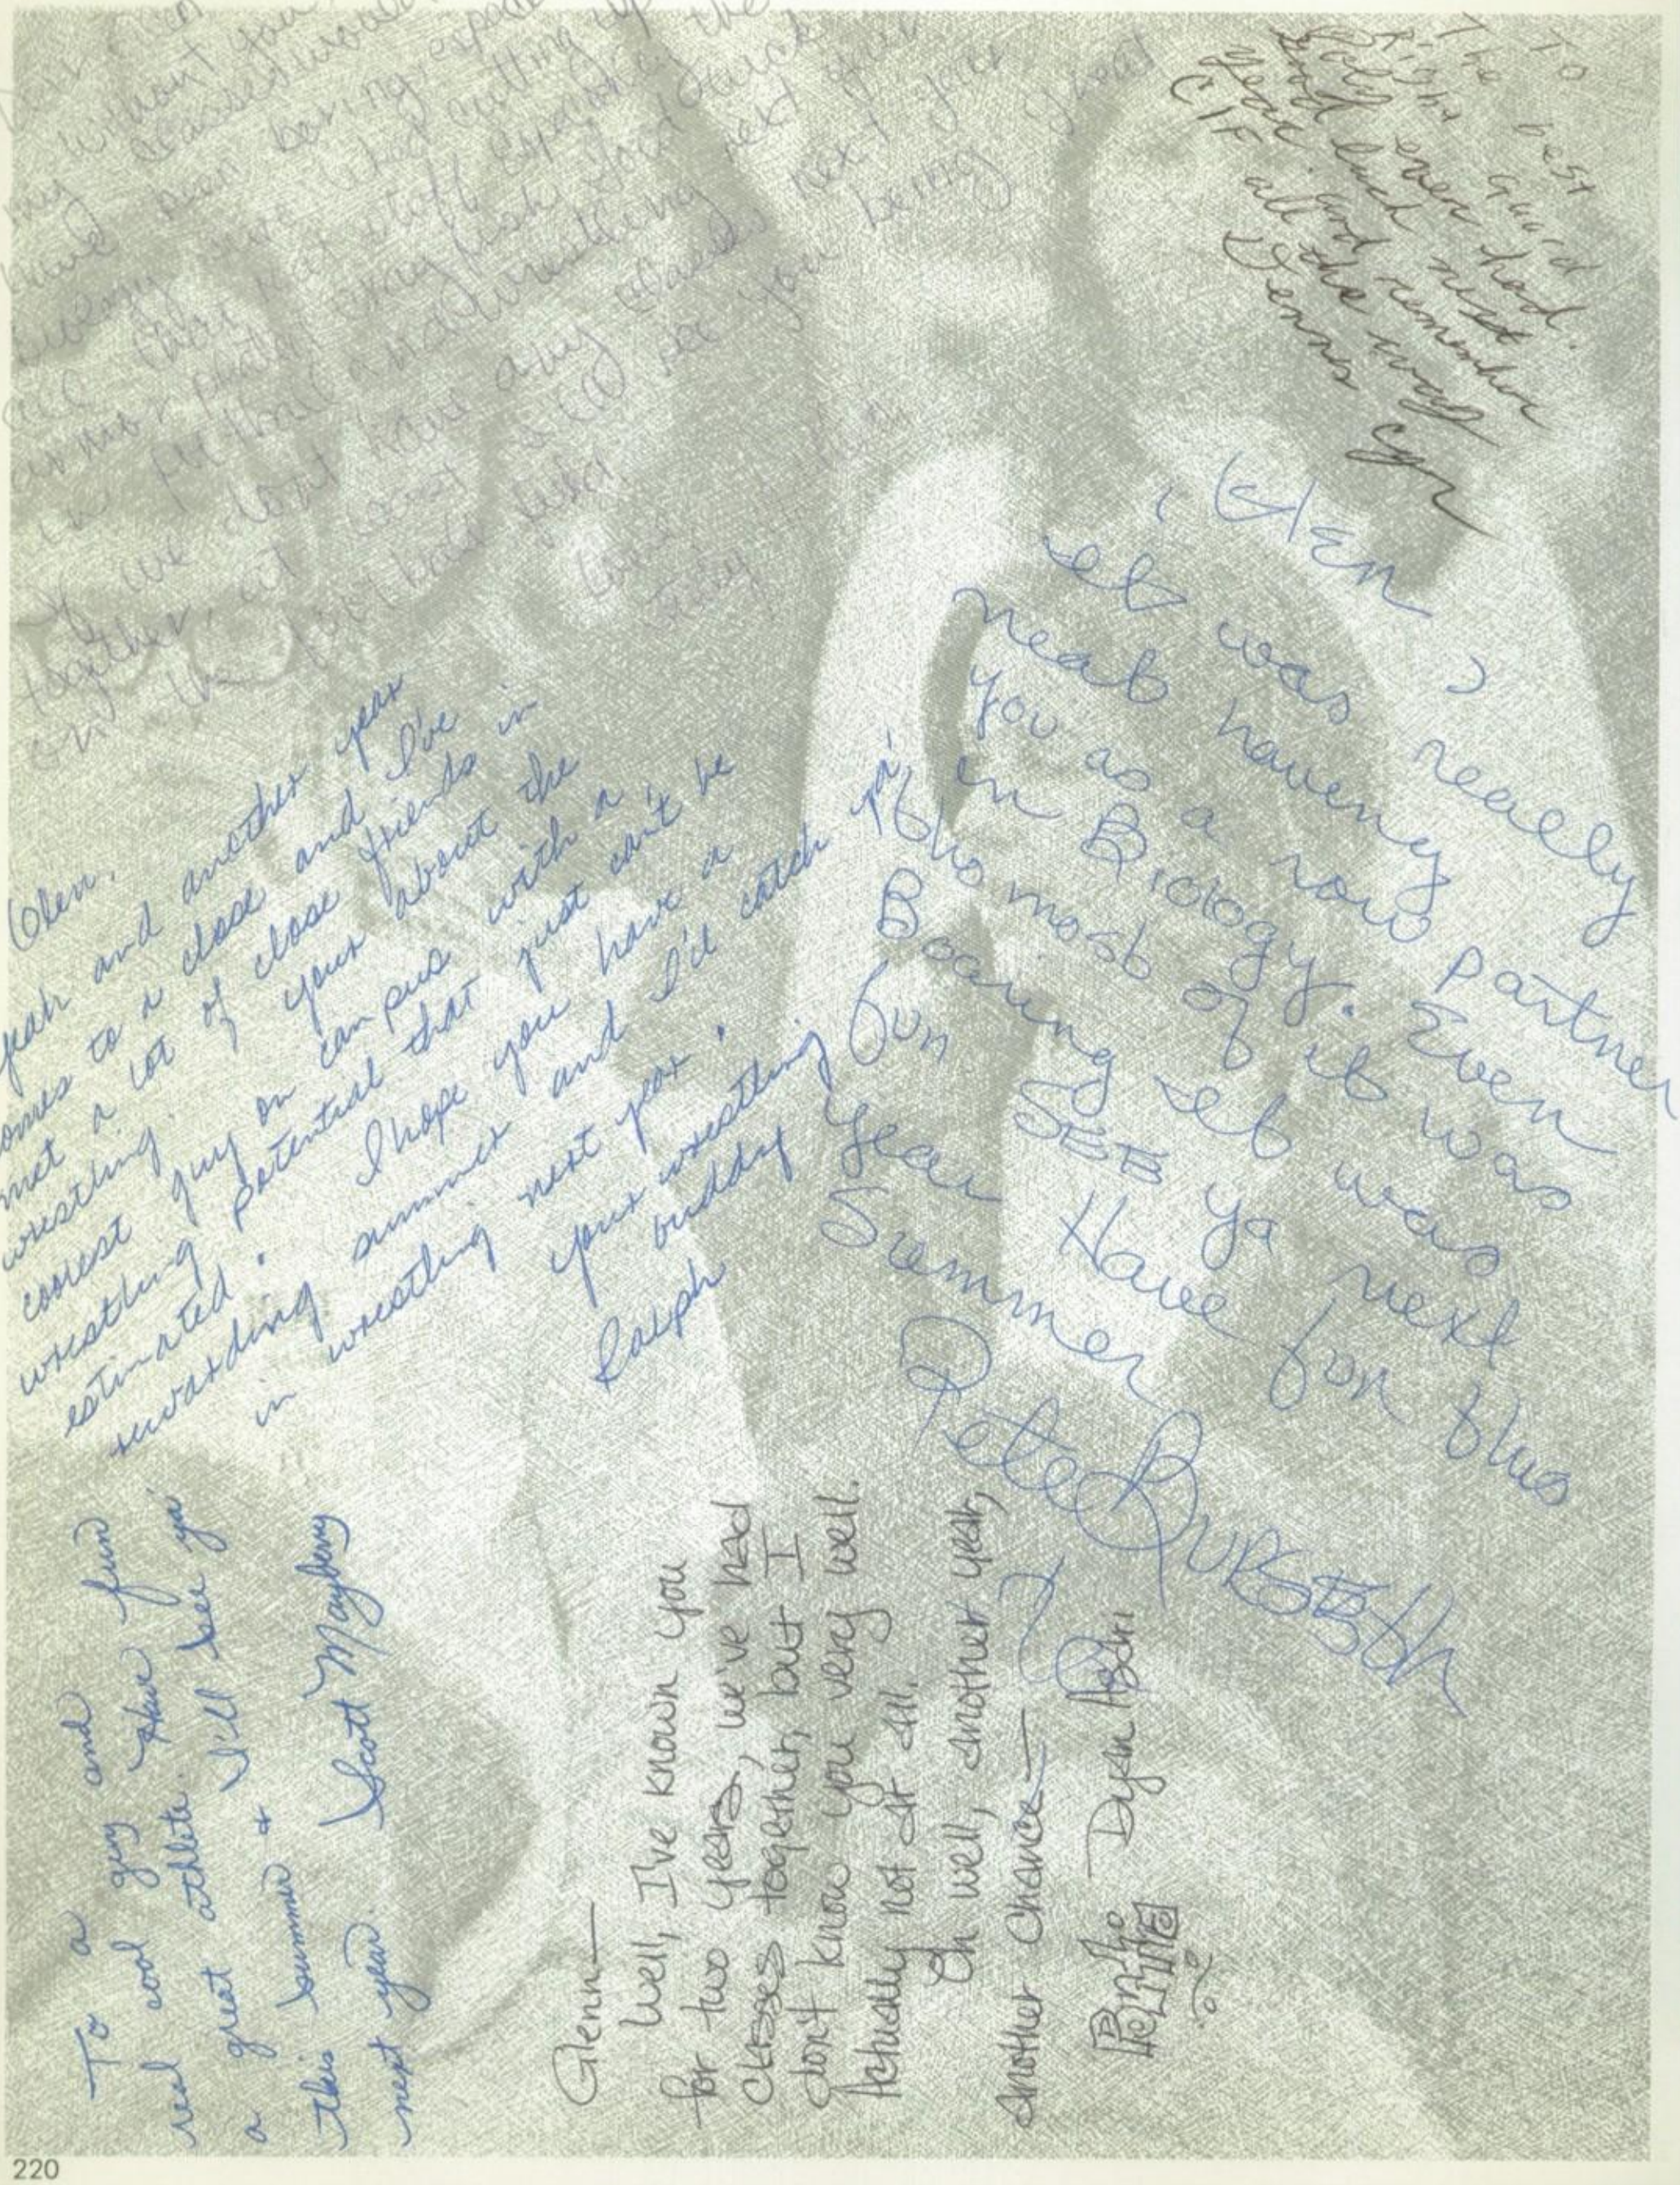
Glenn!
Well, well Mr. Varsity Man! I don't think what you're going to do to these bums next year! Mon I am glad you go to Poly and nowhere else. Hey call me sometime and we'll go cruise around O.K.! Really! I'll probably see ya sometime this summer so I'll see ya then!

Later,
Marshall
Beach a lot, that's where I am going later!

Yo to Ted

Glenn,
I'm really glad we had English together this year and I hope we'll have some classes together next year! Hope you have fun this summer and good luck always! Be good, okay!!!

Love Ya Lots!
Patti Clifton



Glenn—
Well, I've known you
for two years, we've had
classes together, but I
don't know you very well.
Actually not at all.
Oh well, another year,
another chance—
Bye for now

Glen,

Boy it's been a long time since 7th grade hasn't it. Well it didn't have you in any of my classes this year but I hope I will next year. You better make all-city next year or I'll kill you.

Bruce

GLEN,

TO AN EXCELLENT FOOTBALL PLAYER.

SEE YOU NEXT YEAR WHEN WE GET READY TO GO TO CIF. HAVE A GOOD SUMMER.

YOUR FRIEND,

HAROLD "71".

Hope you have a great
Summer again. Have a fun Summer
and get a lot of football done
Good luck next year
Catherine Barra

Hey Clem,
2 months until
football starts
again. Have a fun Summer
and get a lot of football done
the weight room. See
the summer. See
you on the
Ch August.
you

Hmmm,
It has been nice knowing
you I think. And I know you will
never see me as the famous R.O.T.C.
(ha ha) that you have known
since I got your card
next year you
will be better!!!
MAN (not b-t) such
a print shop. Also I
dirty rep. And I hope next
will be obey and respect me
You were lucky this because I am not
a nice guy but next year if you are not
better I will love to beat
and hit you "all
over your body."

Dear Mr. Summers

Please excuse my poor writing. I have a bad case of poison oak and my hand is all swollen. Please excuse me for not being there today.

Sincerely yours,

I hope you continue your great success in football (Ha Ha Ha!!!) also next year I will become the best intertype man in Poly's history and then Mr. Tardy will have to throw you away. Ha Ha!! I got your caerula dirty again. I hope your good (I think) Franchi will operate properly and you will get a lot of sparrows and mice with that little pea shooter. Well Mrs. Tardy is calling me so I will see you next year.

Great

Glenn,

It's been fun in Biology. Have fun this summer and see you next year.

Glen-
It was neat having history with you this year. Only wish we could have had more classes together and got to know you better! Good luck next year!
